

Six members of FBLA who did very well in the FBLA Regional Competition advanced to the FBLA State Competition. The competition took place in Hershey from April 16-18, 2012.

Students who competed and their areas include:

Grade 12: Kayla Silvasy, Katie Lee (Accounting I), and Cody Stewart (Help Desk)

Grade 10: Mariah Bowser (Business Math)

Grade 9: Julia Buggey (Principles & Procedures), Madison Smith (Parliamentary Procedures)

The students spent their time competing and attending business workshops. After all of the students competed, an awards ceremony was held that honored the winners from all over the state that placed in their competitions. Students winning in the state competition advance to the annual national competition which will be held in Texas this year.

Mrs. Pribicko, Business Education Teacher, is very proud of her students' achievements. "Even though the students didn't place in the top 10, they still did very well. Kayla placed 19<sup>th</sup> out of 102, and Madison placed 14<sup>th</sup> out of about 70, so I am very proud and happy with all of the students."
